# About us

Tafasel Software Technology LLC is a privately held Cairo, Egypt based Software Consulting Services and Staffing/Recruiting Company. And we're an IBM partner as we bring together 15 years of experience not only in software development, systems integration and automation, but also in business understanding, enabling us to tailor solutions that reflect our customers' real world business requirements.

# Our services

- Tafasel software technology offers a wide range of services that fits our target customers perfectly.

- Our competitive edge comes from the fact we have more than 18 years of experience with MEA financial institutes as we specialized in financial mission critical products that required the heights level of commitment in support and understanding and we apply there standers on every service we're providing.
